

ASU FALL 2020 BE PREPARED & ORDER EARLY

- ASU's Fall 2020 Campus Life will look different in many ways, and the Sun Devil Campus Stores are hard at work creating a safe and welcoming environment for faculty and students. We want to ensure you have course materials when classes start putting you in best position to succeed. Ordering Early and online is more important than ever before.
- Our stores are reducing maximum capacity in accordance with CDC guidelines including capacity requirements, social distancing protocols, cleaning and face coverings are required.
- We are asking students to remain 6 feet apart while in the store. This may lead to more lines in and outside the store when the reduced store capacity is reached, delaying some instore transactions.

- We strongly encourage you to order textbooks as early as possible and have them shipped home before you get to campus. This will help reduce wait times and lines instore as much as possible.
- Shopping early also gives you the best opportunity to save on used, rental or digital options.
- We are working with ASU instructors to ensure we have course materials for all ASU classes available to order.

Wherever available we offer digital formats in addition to physical formats. Visit sundevilcampusstores.com to see what is required for your course.

- If you purchase early and have schedule changes, add/drop, or change your mind, don't worry. Keep your receipt and item(s) in original condition and you can ship back or bring it to the bookstore any time before 8/31 for a full refund.
- The Sun Devil Campus Store Teams are on campus and available. Please contact us with any questions!

Shop early to save time and money!

Order online anytime at SunDevilCampusStores.com
